

Creating & Thinking Critically

I can think of ways to solve problems.

I can find new ways to do things.

I have my own ideas.

I can make links & notice patterns in my experience.

I can choose ways to do things.

I can plan, make decisions about how to approach a task, solve a problem & reach a goal.

I can test my ideas.

I can check how well my activities are going.

I am developing ideas of grouping, sequences, cause & effect.

I can change strategy when needed.

I can think of ideas.

I can make predictions.

I can review how well my approach worked.

I can make links.
