

Sports Provision at Hemblington Primary School
2017-18 Report and Evaluation

At Hemblington Primary School, we place a high value on all children engaging in high quality sporting opportunities and participating in sporting competitions and challenges.

Each child has at least two hours timetabled physical education; in KS1 and KS2, we have specialist sports teachers to provide high quality coaching for at least one of these hours, and in 2016-17 all Y3 & Y4 pupils, and those Y5 & Y6 pupils needing extra experience attended swimming lessons during the course of the year at Thorpe High School, where they received swimming coaching from a qualified coach.

In addition to the weekly timetabled opportunities, the school regularly takes part in local competitions and events: in 2017-18 this included KS2 County Cross Country Championships; athletics competition; girls' football tournament and Thorpe Swimming Gala (KS2).

We have also continued to benefit from our membership of the Youth Sports Trust and working closely with the cluster network for increasing sporting opportunities for all our children.

We have a variety of sports clubs – both at lunch, in the holidays and after school – which are changed regularly. These have included: football, girls football, cricket, multi-sports, street-dance /cheerleading, tag rugby, cross country, fencing, archery, lacrosse, tennis, netball and tri-golf.

Government Funding: 2017-18

The Government's Sports Funding programme provided £17,440 of funding during this year. This has been spent in line with the criteria of sustainable development and giving opportunities beyond the normal PE curriculum. Please see details below:

Grant Received: £17,440			
Total Number of pupils on roll (for funding): 169			
Summary of Grant Expenditure Objectives:			
<ul style="list-style-type: none"> • To further enhance the skills and training of our staff and thereby increase pupils' skill levels and enjoyment during PE; • To develop a long term plan for increasing participation, enjoyment and opportunity in PE; • To provide opportunities for the subject leader to develop further teaching and learning strategies to include in whole school development for PE/Games; • Improve resources to support and develop the subject – including transport. 			
Spending Record 2017 - 18			
Objective	Activity	Cost	Impact
Increase pupils' participation in competitive and team sports events	County Cross Country Swimming Gala Athletics Olympic Change for Life Festival Transport costs	£568.50	* Wide range of activities and participation across the school *Mixed teams to most events
Create professional development opportunities	PE lead – supply cover for CPD, cluster meetings and mentoring NPETCS trained TAs	£455.11	*Opportunity to develop on-going plan *On-going support for TAs

NPETCS trained staff to continue their CPD through team – teaching and planning	Team teaching and planning for gymnastics session at KS2 across the year	£1810	* Development of skills in order to take on and develop school sport provision across all year groups
Individual staff training and development	Developing skills base within school by working alongside coaches and instructors	£3201.67	*Children receiving high quality sports teaching whilst training and development is undertaken
Further development of extra-curricular sporting activities	Premier Sports lunch clubs to further develop sporting skills, provided to children with no charge	£1160	* Increase in participation from children not attending other clubs
Further development of extra-curricular sporting activities	Premier Sports after school clubs to further develop sporting skills, provided to children with no charge	£1440	* Children involved in wider range of sporting activities
Additional dance work with Reception class	Dance coach working with Reception children	£395	* Youngest children able to experience wider range of sporting activities
Introduce new activity to all children	Yoga taster session and follow up taster lunchtime clubs at no cost to children	£540	* Children in KS2 able to try yoga as a new activity provided by the school
Increase activity for all pupils during the school day throughout the year	Install all weather running track	£7869.72	* All children run more regularly throughout the year
Total Spend to date		£17,440	

This funding has enabled us to provide more opportunities for physical activities and we have noticed that involvement in PE activities both during the school day and at after school clubs continues to rise, across all age groups. Children through from Reception to Year 6 take part in lunchtime and after school activities across the year to allow as much access to sporting opportunities as possible for all children.

The running track is a capital project funded by the Sports Premium Grant, allowing increased activity for all pupils throughout the year. Part of the funding will come from the 2017-018. The remainder of the overall cost will be supplemented from other funds available to the school.

Funding for 2018-19 is £17430.

Due to the uptake of extra-curricular opportunities and involvement in team sports events, we will continue to use this funding to support these as well as introducing different activities in the next year.

We will also continue to use the funding to further develop skills within our staff team, through the work of the TAs who gained their NPETCS qualification this year, and who are beginning to lead sporting opportunities within school.
