

## Harvest Rap

*Sung to the tune of 'The Fresh Prince of Bel-Air'*

<https://www.youtube.com/watch?v=XLmKWAKZISo&safe=active>

God made the world, a wonderful place  
He made everything, full of taste  
We thank Him for spuds, broccoli and peas  
Everything that's good for me.

God is great; we'll give you a tour  
He made our cereal, Weetabix and more  
He gave us the sunshine and the honey bees  
He gave us the flowers and awesome trees

Pumpkins, carrots, Brussel sprouts and beans  
Parsnips, cabbage, all our greens  
We want to help those in need  
And think less about, our own greed

We ask you God to hear our plea  
Help those who have, much less than me  
Help the farmers who grow our food  
We share with them our gratitude

We thank our God this harvest time  
And we hope you like our harvest rhyme  
We end our song and take off our hat  
Thank you for hearing our harvest rap
