

Sports Provision at Hemblington Primary School
2018-19 Report and Evaluation

At Hemblington Primary School, we place a high value on all children engaging in high quality sporting opportunities and participating in sporting competitions and challenges.

Each child has at least two hours timetabled physical education; in KS1 and KS2, we have specialist sports teachers to provide high quality coaching for at least one of these hours, and all Y3 & Y4 pupils, and those Y5 & Y6 pupils needing extra experience attended swimming lessons during the course of the year at Thorpe High School, where they received swimming coaching from a qualified coach.

In addition to the weekly timetabled opportunities, the school regularly takes part in local competitions and events: in 2018-19 this included KS2 County Cross Country Championships; athletics competition; girls' football tournament; Kwik Cricket tournament and Thorpe Swimming Gala (KS2). We have also continued to benefit from working closely with the cluster network for increasing sporting opportunities for all our children.

We have a variety of sports clubs – both at lunch, in the holidays and after school – which are changed regularly. These have included: football, girls football, cricket, multi-sports, street-dance /cheerleading, tag rugby, yoga, cross country, fencing, archery, lacrosse, tennis, netball, gymnastics and tri-golf.

Of our Y6 cohort in 2018-19

- 71% were able to swim swim competently, confidently and proficiently over a distance of at least 25 metres
- 88% were able to use a range of strokes effectively
- 100% were able to perform safe self-rescue in different water-based situations

Government Funding: 2018-19

The Government's Sports Funding programme provided £17,430 of funding during this year. This has been spent in line with the criteria of sustainable development and giving opportunities beyond the normal PE curriculum. Please see details below:

Grant Received: £17,430			
Total Number of pupils on roll (for funding – Y1 – Y6) : 143			
Summary of Grant Expenditure Objectives:			
<ul style="list-style-type: none"> • To further enhance the skills and training of our staff and thereby increase pupils' skill levels and enjoyment during PE; • To develop a long term plan for increasing participation, enjoyment and opportunity in PE; • To provide opportunities for the subject leader to develop further teaching and learning strategies to include in whole school development for PE/Games; • Improve resources to support and develop the subject – including transport. 			
Spending Record 2018 - 19			
Objective	Activity	Cost	Impact
Create professional development opportunities	PE lead – supply cover for CPD, cluster meetings and mentoring NPETCS	£1878	*Opportunity to develop on-going plan *On-going support for

	trained TAs		TAs
Increase pupils' participation in competitive and team sports events	County Cross Country Swimming Gala Athletics Football competitions Sports Festival – UEA Sports Park Transport costs	£1665	* Wide range of activities and participation across the school *Mixed teams to most events
NPETCS trained staff to continue their CPD through team – teaching and planning	Team teaching and planning for gymnastics session at KS2 across the year	£2330	* Development of skills in order to take on and develop school sport provision across all year groups
Further development of extra-curricular sporting activities	Premier Sports lunch clubs and NPETCS coach run sessions to further develop sporting skills, provided to children with no charge	£3207	* Increase in participation from children not attending other clubs 65% of pupils from Y1 – Y6 participated this year
Further development of sporting competitions outside the school day – adult support for preparation and accompanying to support pupils	Premier Sports run football tournament with local school, preparation for and attendance at events outside school eg Kwik Cricket tournament; athletics events; tag rugby; cross country to further develop sporting skills, provided to children with no charge	£1363	* Children involved in wider range of sporting activities
Additional dance work with Reception class	Dance coach working with Reception children	£275	* Youngest children able to experience wider range of sporting activities
Introduce new activity to all children	Yoga taster session and follow up taster lunchtime clubs at no cost to children	£400	* Children able to try yoga as a new activity provided by the school
Total Spend to date		£11,118	

This funding has enabled us to provide more opportunities for physical activities and we have noticed that involvement in PE activities both during the school day and at after school clubs continues to rise, across all age groups. Children through from Reception to Year 6 take part in lunchtime and after school activities across the year taking advantage of increased access to a range of sporting opportunities for all children.

The results of the National Child Measurement Programme for 2017-18 showed our Reception cohort 8% below the National average, and Y6, 7% below average for children who were overweight.

The shortfall in spend of £6,312 in the 2018-19 year was due to the change in criteria for eligible spending early in the academic year. The Sport Premium can no longer be used for capital projects such as the remaining costs of the running track which then had to be accounted for from other school funds. Rather than rush to spend the remaining Sport Premium, we increased opportunities for activities this year and have made plans for a larger spend in 2019-20 on continuing to develop our

NPETCS qualified coaches, and continuing to train current staff in order to ensure a sustainable approach to encouraging healthy and active children.
We will also be working closely with Premier Education with whom we currently work in partnership to provide a wellbeing programme looking at supporting healthy lifestyles for all children across the school.

Funding for 2019-20 will be £17,460.
