

Wednesday, 25th March

Good Morning, Eagles. I hope you have been getting on well with your home learning. Here are your home learning tasks for today. Any links or documents you may need will be on the blog page. Keep using your purple books to store your work in. **Today, Steve Backshall is doing his online lesson at 9:30. See yesterday's post.**

Stay active! There are more resources and tasks on the 'Home Learning Resources' 'Stay Active' section now.

Maths

Look on the home learning resources page. Mr. Shingles has added White Rose Maths weekly lessons. Today is introducing the ratio symbol. You should be okay with this! Use the video that comes with it if you are unsure.

English

Morning work - I have uploaded a SPag Mat for you to complete today.

Today I would like you to write a full film review for the trailer that was your favourite from the 6 that were made.

I have uploaded some resources that should help: an example, points to include and success criteria.

Obviously, this is only a review of a trailer so you will not be able to review it as a full length film.

Wellbeing Wednesday

On the blog today are two activities which focus on wellbeing.

Remember to take time for you.

Art

Some of us started the optical illusion art a couple of weeks ago. Let's all have a go. This is something that you can begin and keep coming back to over the next couple of weeks. I have uploaded some of the ideas that we looked at before - get creative! I'm sure there are videos online too to help.

Please look at yesterday's post. I have added some links on there. You might like the Aquila magazine link. It's a mega-mag!

Once I have a collection of links, I will create a post for just these so they are in one place.
