

Monday, 27th April

Good Morning, Eagles. I hope you had a lovely weekend in the sunshine. Did you and your parents have time to read Mrs Edmunds' newsletter from Friday? There's some special news on there. ☺
Click News on the school's website.

Keep up the great work everyone. Stay safe. ~ Mrs Reeves~

English

I know some of you are still working on your stories to make them amazing. I also know that some of you are only able to complete parts of the tasks I set. Email your stories to me once you are finished – I'd love to read them.

We will start a mountains based English unit soon, but just for a couple of days, whilst some finish their stories, I will give you some one-off tasks. Try, *fix the sentence* (maybe try a few today and the rest tomorrow), *My Desert Island Book* and *Travel Far Away*.

This week's spelling sheet is on today's post. Parents, test your child on Friday!

Great results shared with me last week!

Word of the Day

You will see Week 2's word of the day Power Point on the blog.

Today's word is, 'zephyr'.

Topic Work

Here are 3 videos to help you learn a little more about mountains. Video 1 has a short quiz at the end.

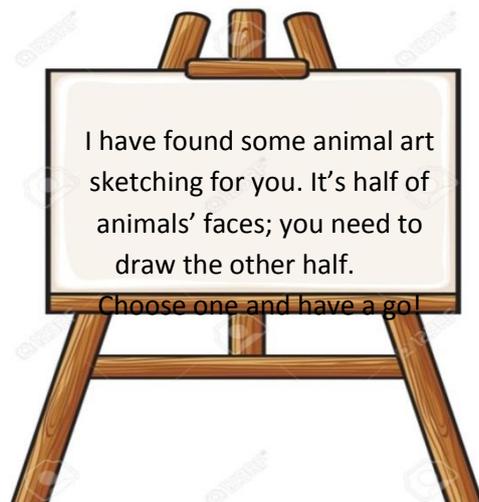

<https://www.bbc.co.uk/bitesize/topics/z849q6f/articles/z4g3qp3>

<https://www.bbc.co.uk/bitesize/clips/z27tfg8>

<https://www.bbc.co.uk/bitesize/clips/zy2pvcw>

After you have watched all three, why not create your own 5 question quiz and test a family member.

Maths
White Rose Maths.
Today looks at angles in **special quadrilaterals.**
Use the video to help you.

I have found some animal art sketching for you. It's half of animals' faces; you need to draw the other half.

Choose one and have a go!

Science Info.

Mrs Kemp has asked me to tell you all that any science you do, you can email the class address. I will forward this on to her. She would love to see your work.
