

**Thursday, 30<sup>th</sup> April**

Good Morning, Eagles. I love seeing all of your creative tasks that you are doing at home: baking, cooking, art, crafts, technology, music, gardening and sewing. Keep them coming!

Stay safe. ~ Mrs Reeves~

**Mountain Project**

If you didn't get a chance to look at yesterday's page, I have set for you all a mountain research project. Everything you need to know will be on there.

**Word of the Day**

Today's word of the day is 'zoning'. Look at Monday's post if you haven't seen this yet.

**Geography – mountain topic grid**

Over the Easter holidays, I created a mountain topic grid (like your autumn term homework). I thought for some of you who are only able to complete some tasks this could be helpful for you to dip in and out of. For others, you might like to have a look and complete any which you like. There is no expectation to complete any. I just wanted to provide alternative learning tasks, especially for those whose parents are still working and balancing home learning with work.

**Maths**

**White Rose Maths.**

**Problem solving** continues today.

Remind yourself with the video if you need some help.

I have again uploaded the arithmetic document. **Complete page 4 today.**

I'm glad some of you enjoyed the indoor stay active treasure hunt from Tuesday.

Yesterday, I updated the Stay Active Page on the 'Home Learning Resources' on the website with a video. This is from the organisers of the Norfolk School Games. It's a tennis activity that some of you might like to try as something different.
