

**Thursday, 4<sup>th</sup> June**

Good Morning, Eagles. Thank you to those who have emailed with how you have got on with the BBC Bitesize lessons. I hope you have found the lessons interesting.

This week, your work is all going to come from BBC Bitesize, like the maths has done for the last couple of weeks.

Visit <https://www.bbc.co.uk/bitesize/tags/zncsscw/year-6-and-p7-lessons/1> for Thursday's lessons. This will update each day.

There's maths as normal and today looks at **finding percentages of amounts**. The English today is Story writing: **using parenthesis**. Then there will be one other task for you to do - today is **French: school and hobbies**.

Some tasks that you'll get will be good revision and some will be new learning. There will be videos, interactive tasks and worksheets for you to use.

Don't forget that there are still resources which I have put up previously whilst being away from school that you could still complete if you wish. Have a search though the blog pages. Monday, I uploaded 3 June activity pages: maths, English and a stay active one.

I have also uploaded an extra maths page which matches what the WRM and Bitesize daily lessons is. I know that a lot of you have enjoyed the arithmetic tests to keep working on these skills, so try this website for some more: <https://myminimaths.co.uk/year-6-arithmetic-practice-papers/>

I have also uploaded a picture I found of some art that you might like. I thought that you could use it as a way to draw your thoughts, what you miss or what you are looking forward to. It might help you express how you have been feeling over the past few weeks.

Finally, we were going to move onto volcanoes. This might be an area which you would like to do some research on yourselves. You could create information pages, PowerPoints, artwork or make a volcano.

Please let me know how you get on with the BBC Bitesize lessons and any other tasks that you do this week.

Mrs Reeves
