

# Kingfisher Class - Summer 2021

Welcome back!

In **English** we will be studying the book 'The Tunnel' by Anthony Brown, using this to write our own story focussing on creating detailed settings. Later in the term, we will look at traditional tales with 'The Egyptian Cinderella', as well as creating an information book about Egyptian gods. We will be focussing on extending sentences with subordinate clauses, as well as ensuring we improve our spellings and handwriting.

In **Maths** we will be learning about fractions, time, mass and capacity, and properties of shape. We will also re-cover some areas of maths which will be important to help the children continue to make progress next year, such as the four operations.

In **ICT**, we will continue to focus on coding and internet safety.

In **PE**, we will be doing a mixture of **GAMES** to develop skills with Mrs Patterson on a Monday afternoon and developing ball skills with Mr Shingles on Wednesdays.

In **Music** we will be following the Charanga scheme for Year 3.

We will continue to read regularly in class, including short comprehension exercises, quiet reading and reading aloud. In **guided reading**, we will be focussing on understanding non-fiction texts.

In **PSHE** we will be talking about different families, as well as learning about medicines.

In **Science** we will be learning about the human body. Later in the term, we will carry out a number of investigations on the topic of 'light'.

Our **TOPIC** is **THE ANCIENT EGYPTIANS**, which we will learn about in History and Art. We will find out who the Ancient Egyptians were, what life was like back then, and how they have influenced the world today. We will learn about Tutankhamun, mummification, Howard Carter, and lots more.

In **RE** we will be thinking about "What families believe about God".

In **German**, we will learn about foods and schools. We will also hear some traditional stories in German.
