## PSHE Intent, Implementation and Impact Statement

Intent	Implementation	Impact
<p>PSHE enables our children to become healthy, independent and responsible members of society. We aim to deliver a PSHE curriculum, which enables all pupils to know more, remember more and understand how to play a positive and successful role in society. It will help them to understand how they develop personally and socially, while tackling many social, moral and cultural issues that are part of growing up. We provide opportunities for the children to learn about rights and responsibilities and equip them to make choices as they grow. We are aware that PSHE supports many of the principles of safeguarding and links closely to SMSC and British Values. Our children are encouraged to develop their sense of self-worth by contributing to school life and the local community.</p>	<p>It is hoped that our overall curriculum is designed to support the pastoral education for our pupils as well as the academic outcomes. Our scheme SCARF stands for Safety, Caring, Achievement, Resilience and Friendship and covers the three PSHE core themes of Health and Well-being, Relationships and The Wider World. Teachers use the SCARF curriculum to deliver weekly lessons. In addition, there are occasions where teachers feel it may be necessary to teach PSHE as a result of an issue arising in their own class. Children build on key knowledge, language and meanings in order to understand PSHE and use across the wider curriculum.</p>	<p>Our children will become healthy and responsible members of society, equipped with the knowledge and skills to make the right choices in society. They will demonstrate and apply the British Values of Democracy, Tolerance, Mutual Respect, Rule of Law and Liberty. We want our children to display a healthy outlook towards school and their learning, to enable good attendance and achieve age related expectations. For all children to be on a journey preparing them for life and work in modern Britain.</p>
